

COP24, Katowice (Pavilion H3)

Partnering with the IPCC - NGOs

Wednesday, 12 December (16:30 - 18:00)

Contact: Sophie Schlingemann (sschlingemann@wmo.int)

This event brings civil society organizations and the IPCC together to discuss how the two can work together as the IPCC progresses through its most ambitious work programme yet.

The IPCC will set out the current work programme, and set out opportunities such as observer status, expert reviews and derivative products. An NGO representative will explain what the community needs from the IPCC, and what it can offer. Most of the event will be set aside for Q&A with the audience so that both sides can learn from each other.
