

COP24, Katowice (Pavilion H3)

IPCC Special Report on 1.5°C regional perspectives - AOSIS

Wednesday 5th December 10:00-11:30am

Contact: WGI – Sarah Connors sarah.connors@universite-paris-saclay.fr

This session will discuss the main findings from the Special Report on 1.5°C Global Warming with relation to the Alliance of Small Island States, featuring presentations from IPCC authors and responses from external stakeholders. A panel discussion with questions from the audience will conclude the session.

COP24, Katowice (Pavilion H3)
