

## Unpacking the IPCC Special Report on the Ocean and Cryosphere in a Changing Climate

SROCC Special Event, Friday, December 6<sup>th</sup> (10:30-12 am)

**Location:** IPCC Pavilion

### Short description:

This session brings together authors and scientists from the IPCC Special Report on Ocean and the Cryosphere in a Changing Climate to explore the report - introducing the importance of the ocean and cryosphere systems, the services they provide to sustain human life on the planet and the key risks from climate change. The session will focus on key findings from the assessment, including climate system feedbacks, strengthening response options and interactions with sustainable development.

### Provisional Programme

Moderator: Katja Mintenbeck (TSU)		
Time	Description	Speaker
5 mins	Opening Remarks and Introduction	Katja Mintenbeck (TSU)
	Speakers (presentations)	
10 mins	Oceanographic Changes	Karina von Schuckmann
10 mins	Our Changing Polar Regions – Some Context for COP25	Martin Sommerkorn
10 mins	Small Island Perspective	Elisabeth Holland
10 mins	Ocean-based Mitigation and Adaptation	Jean-Pierre Gattuso
	External Experts (Comments only)	
5 mins	High level comments	Ko Barrett
35mins	Q&A session	All

	Closing Remarks/Summary	Moderator
