

Provisional Program

This webinar is part of the IPCC Task Group on Data Support for Climate Change Assessments (TG-Data) outreach activities and is intended for practitioners and the research community (but also open to consultants and public sector representatives). It will focus on data aspects using the facilities of the Interactive Atlas (IA). This is the second of the series of regional webinars "IPCC TG-Data Interactive Atlas Regional Webinars" (Link to <https://www.ipcc.ch/event/interactive-atlas-regional-webinars>). These events are envisioned as interactive sessions. The Central and South America Webinar is scheduled for 29 April, 13:00 - 14:30 UTC.

The duration of the webinar is 1:30 hours, with the following program:

[5'] **Introduction to the webinar** by Lincoln Alves (AR6 WGI Atlas, INPE)

[15'] **Conversation with Maisa Rojas (AR6 WGI Coordinating Lead Author and Ministra de Medio Ambiente de Chile) and Thelma Krug (vice-Chair of IPCC)**, moderated by Lincoln Alves and Sebastian Vicuña (TG-Data Co-Chair)

[15'] **Presentation of TG-Data, DDC and use of data FAIR protocols in AR6.** Presenting the role of TG Data and providing general guidelines on how to access data and terms of use: David Huard (TG-Data Co-Chair); Martina Stockhause (IPCC Data Distribution Center); Anna Pirani (WGI Technical Support Unit).

[10'] **Data access and reusability in the Interactive Atlas:** José Manuel Gutiérrez (AR6 WGI Atlas)
