

## IPCC Working Group I – Regional climate information: Central America, Caribbean and South America

Saturday 6th Nov 2021 16:15-17:45 GMT

**Contact:** Nada Caud (nada.caud@universite-paris-saclay.fr)

**Website:** <https://apps.ipcc.ch/outreach/programme.php?q=15&e=1>

### Description (max 250 words)

This event is to highlight the key messages of the 6<sup>th</sup> assessment report of the IPCC on climate change: Physical Science basis, with a particular focus on Central and South America. IPCC authors will present the common regional observed and projected change signals for the Central America, Caribbean and South America continent, followed by a demonstration of the interactive Atlas. Invited speakers will discuss how to integrate climate components to formulate public policies – environmental, economic, and social – in order to disseminate current information on the impacts of climate change.

### Agenda

Introduction: Lincoln Alves (5 min)

#### **Part 1: Regional synthesis**

South America: Paola Arias (10min)

Central America/Caribbean: Daniel Martínez-Castro (10 min)

Climatic Impact-Drivers: Daniel Ruiz-Carrascal (10 min)

Demonstration of the interactive Atlas: (Atlas Team) (15 min)

Q&A session (10 min)

#### **Part 2: From science to policy**

Amazonia: Jhan Carlo (10 min)
