

## Reconciling anthropogenic land use emissions between global models and national inventories

**DATE:**  
16 NOVEMBER 2024  
11:00 – 12:15 UTC +4, 7:00 – 8:15 GMT

**JOIN IN-PERSON:**  
*SCIENCE FOR CLIMATE ACTION PAVILION  
BLUE ZONE, BAKU, AZERBAIJAN*

**JOIN ONLINE:**  
*IPCCYOUTUBE*

### Opening and Welcome

15 min	Opening and Welcome	Jim Skea, IPCC Chair Mazhar Hayat, TFI Co-Chair Xuehong Wang, UNFCCC
--------	---------------------	--

### Presenting on the outcome of the expert meeting

15 min	Presenting the report of the IPCC TFI Expert Meeting on the current inconsistency in land-use CO <sub>2</sub> emissions between global models, used to determine the net-zero pathways in the IPCC Assessment Reports, and national GHG inventories as well as country climate pledges, used to assess compliance with the Paris Agreement.	Giacomo Grassi, IPCC TFB
--------	---	--------------------------

### Panel Discussion

25 min	How can we move forward to ensure greater consistency between future IPCC products, including emission scenarios, and the national inventories and climate pledges? The panellists will discuss perspectives from different communities	Representative from the Global Carbon Budget (name tbc) Kate Calvin, IPCC WGIII Co-Chair Maria Jose Sanz Sanchez, IPCC TFB Thelma Krug, GCOS Sandro Federici, IPCC TFI TSU
--------	---	--

### Question & Answers

15 min	Questions from participants to Panellists	
5 min	Closing
